Dear John,

I am now sending you the original copy of the POWER OF ATTORNEY signed by the directors of the PUGAVIBO FAMILY COMPANY GROUP according to the decided order of the said Company Group. You need to sign your signature under your name as to that of mine above. Soon you finished doing. Please send back to me the original copy to do the Commissioner for Oaths.

Many great thanks for all your helps you have given us by advising us and for financial assistance continually. We adopt with much favour that you are part of the Family Company Group.

I try to get special corespondance courses for both Michael and Ethel from U.S.P. Honiara. If they accept them, then I like both of them to stay at Tulagi, under the care of V.V. & Son Co. Ltd.

I am sad to mention that I am still under a Financial preasure. If I Have six thousand dollars (\$6,000-00), I can be able to straighten with V.V. & Sons Co. Ltd. and safe from the Honiara Consumers.

I shall be at the High Court on the 18th, January 1990 for the accounts left unpaid by V.V. & Sons store to Honiara Consumers.

I am still waiting for the answe to my application for the High Court Appeal, I spoke with force to Thomas Kama yesterday I told him that the case is being delay too long and I want to know th:position or the answer of what happens to my application. I also said that I do not want to delay but to write to the Lawyer I decided in New Zealand, asking if he is willing to deal with my High Court Appeal. He agree to that and asked me to give the address of the lawyer so that he will write to him.

I am still waiting to hear from the Minister of Police and Minister of Imigration about your coming to the to the Solomon Islands. George Kupper worked hard and so I am.

The family are well and together with my wife, are looking forward keenly to possibility of your coming.

Kind regard and God blessings to you  
Your friends.
