The Anuha island resort issue has taken a new twist.

This follows discussions the Deputy Prime minister Allan Kemakeza held with the holder of the Irrevocable power of Attorney, Australian John Smith.

Mr Smith confirmed holding discussions with Mr Kemakeza at the North Gate hotel recently in which Mr Kemakeza pledged to assist Mr Smith return and develop the Anuha Island Resort.

He says as a way forward, some form of compensation should be made for the 14 years of absent from the resort resulting in him losing money.

Mr Smith says the government sees the resumption of Anuha Island resort as a way to generate money to the Central province and the national government.
